

Iconic style.

Adair® Studio

Sleek, smooth and sophisticated, 'Studio' is a natural Adair® limestone featuring our new glacial finish. This clean finish reveals the beautiful fleuri pattern in this sepia tone limestone. Available in three face rises (and random lengths of up to 35-5/8"), Studio is designed for a modern, coursed installation but can also be laid in a classic ashlar pattern.

- Three face rises (2-1/4", 5", and 7-5/8")
- Lengths up to 35-5/8"
