CUSTOM SHAPES & ACCESSORIES

QUOINS

Like any artist’s raw material, Renaissance® puts design into your hands. Enjoy absolute flexibility with a stone product that you can shape, colour, size, and install as you like. Renaissance® stone features through-body colour and texture, making custom shaping and detailing possible. Custom shapes can be created on-site or on spec at our manufacturing facilities.

SILLS

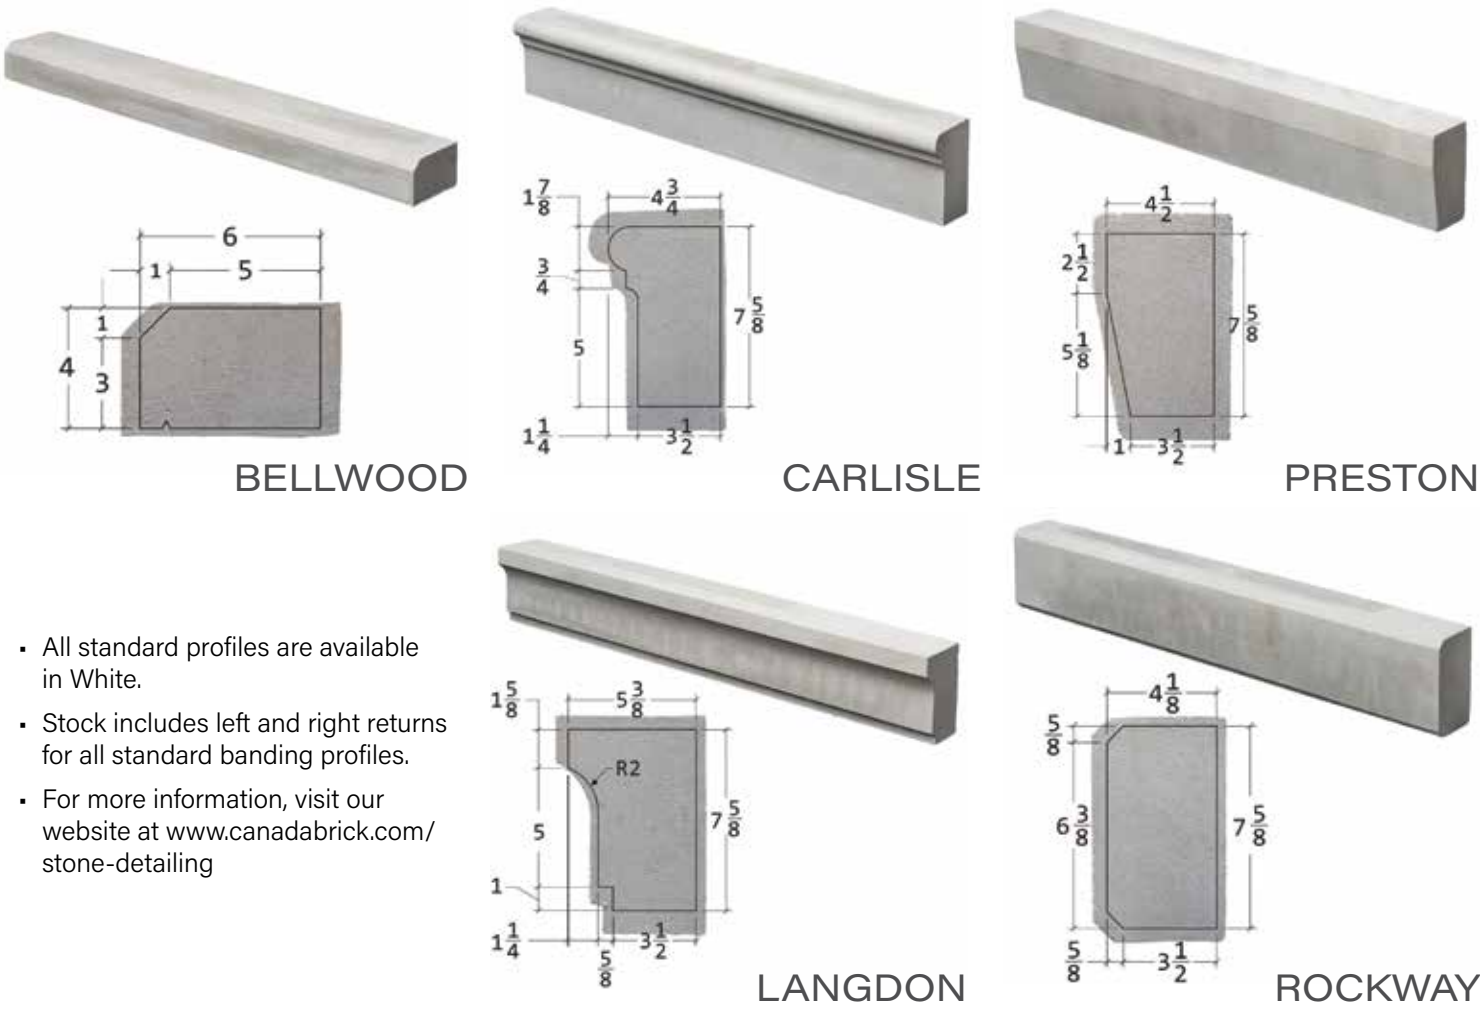

Finish your home with added sophistication. Our calcium silicate accessories are designed to install easily with our most popular stone and brick sizes. We can also customize your accessories to colour match your Building Stone or Renaissance® selection.

STONE DETAILING

by Canada Brick

Our Stone Detailing collection includes a standard selection of Surrounds, Bandings and Sills that will add that extra finishing touch. Unlike conventional precast, our unique “Dry-Tamp” technology provides a consistently superior finish invoking all the beauty of many leading natural stones. Choose from one of our standard profiles or make a customized order (minimum order applies).

Our surrounds and sills resemble natural cut limestone with all the beauty and elegance, at a more economical price to fit all budgets.

PRODUCT COMBINATIONS

Westford Square,
Citadel® Infinity, Quoins

Citadel® Cashmere/Driftwood

Sussex, Shadow Stone® Avalanche/
Edge Rock Glacier

Conestoga,
Shadow Stone® Avalanche/Edge Rock Glacier

Wellington,
Citadel® Charcoal

Designers can enhance architectural appeal by combining multiple building products; blending colours, textures, and styles to create visually dynamic facades. This approach allows for greater creativity and customization, enabling each project to reflect a unique aesthetic vision.

Thanks to the inherent compatibility of calcium silicate products, they integrate effortlessly with our clay brick offerings. Their complementary properties—both in terms of structural performance and visual harmony—make them ideal for mixed-material applications.

Whether aiming for a modern contrast or a traditional blend, the seamless union of these materials supports both functional integrity and design versatility.

Canada Brick Wellington

Arriscraft and Canada Brick offer a truly comprehensive line of stone and brick styles. From impressive, old-world charm to cutting-edge contemporary, we have the style to bring every design to life. With an extensive and unique colour palette, the possibilities are unlimited.

IMPORTANT NOTES

Colours and textures have been reproduced as closely as the printing process allows. Final selection should be made from actual samples.

Arriscraft and Candada Brick products must be installed using industry recommended materials and techniques and conform to all related building requirements. All masonry products are intended for above-grade installations. Proper care, installation and cleaning are required for warranty validation. Please refer to the DATA sheets and CARE sheets that can be found at www.arriscraft.com
