Full Bed and Thin Profiles

Our stone products come in a broad array of natural colors, profiles and finishes. Traditionally offered in a full-bed depth (like a brick), all of our stone styles can now be ordered in a thin-cut format, that can be adhered like tile: ask you dealer or Arriscraft Representative for details

Looking for something different? We also have a unique thin masonry line that you can check out on our website at www.arriscraft.com, or in our Thin Products Guide.

Contemporary Brick Custom

Arriscraft offers a truly comprehensive line of stone and brick styles. From impressive, old-world charm to cutting-edge contemporary, we have the style to bring every design to life. With an extensive and unique color palette, the possibilities are unlimited.

IMPORTANT NOTES

Colors and textures have been reproduced as closely as the printing process allows. Final selection should be made from actual samples.

Arriscraft stone products must be installed using industry recommended materials and techniques and conform to all related building requirements. All masonry products are intended for above-grade installations. Proper care, installation and cleaning are required for warranty validation. Please refer to the DATA sheets and CARE sheets that can be found at www.arriscraft.com

General Shale®

Arriscraft is the stone products group of General Shale, the North American subsidiary of Wienerberger AG and a leading manufacturer of brick, one of the world's oldest green building materials.
